

Metchosin Council has kindly provided space in the main foyer of the municipal hall so that district residents may display their artwork for visitors to enjoy. The Metchosin Art Wall dimensions are 8 ft. wide X 5 ft. high. The MACCA has equipped the wall with a picture hanging rail and hooks. Sculptural (three-dimensional) art is unsuited to this space unless it can be mounted on the wall.

Exhibits are changed on the 15th day of each month. Exhibitors will be expected to transport their work to the venue and remove it in time for the next month's exhibitor to hang their work. The intention is to give preference to artists who have not already had opportunity to show their work here, although repeaters may be considered. Each artist should prepare a one-page statement about themselves and their work to accompany the exhibit.
