

MACCA ART WALL DISPLAY APPLICATION

The directors of MACCA are offering display space in the main hall of the art centre so that district residents may display their artwork for visitors to enjoy. The walls are long enough that up to three artists may display simultaneously and are equipped with a picture hanging rail and hooks. Sculptural (three-dimensional) art is unsuited to this space unless it can be mounted on the wall.

Exhibits will be changed on the first day of the month, and each exhibit may hang for two months. Exhibitors will be expected to transport their work to the venue and remove it in time for the next exhibitor(s) to hang their work. The intention is to give preference to artists who have not already had opportunity to show their work here, although repeaters may be considered. Each artist should prepare a one-page statement about themselves and their work to accompany the exhibit. If the artist wishes to consider sales, prices should be included and contact information. The MACCA offers the space free, and does not expect a commission on sales.

Important note: The MACCA is not responsible for the safety and security of artwork displayed within the art centre. Artists should insure their own pieces.
